Executive Board Reports:

Grievance Report – This month we have been attending a number of investigation meetings. These meetings happen when Management is trying to gather information about something that has happened. Sometimes the investigations are internal, which means that management, and possibly labour relations might attend.

Sometimes the Region hires an external agency to investigate. These folks are often lawyers, adjudicators or investigators. Sometimes our members might be the subject of an investigation, and sometimes management staff might be. Any CUPE member involved in an investigation, either as a witness or the subject, has the right to have the union present for the interview. It is always useful for us to be there in case something comes out of it later that we need to follow up on, or assist with so that we have a record of what happened.

We have also filed a number of Grievances regarding discipline, or dismissal, where we are generally asking for the discipline to be removed, decreased, or the person to be reinstated, or made whole. Please reach out with any questions or concerns that you have. Just because you call with questions doesn't mean we jump into a grievance. We can talk through options first.

Motion M/S Paula Giles/Bev Grabe to accept the grievance report for January 2024

Secretary Report - An update on the wage increases that we negotiated during bargaining. Step 3 for all grades was calculated correctly, however, steps 1 and 2 were off by anywhere between 5 cents and 13 cents an hour. We've had a few meetings and discussions around this, there's a lot of history with how the wages have been applied in the past and we realized that it didn't work out quite right this time around. It was because we haven't had any dollar increases since at least 2005, and this round we negotiated a \$1/hr plus a percentage. The correct wage should be reflected on this weeks' pay stub – if you notice any discrepancies, let one of us know. The new salary tables are posted on the Region's portal, and will be inserted into the new collective agreement. The agreement will then need to be signed by all parties and then can go for printing/posting.

President Report – Happy New Year!

I thought I would outline our goals for this year.

First, we are moving forward with the creation of 2 new Executive Positions a Diversity, Equity and Inclusion and Membership engagement Executive Member.

Diversity, Equity and Inclusion Coordinator – Shall be a self-identified member of one of the following equity-seeking groups: Aboriginal/Indigenous People, LGBTQ2s, Person living with Disabilities, Racialized Worker, Women or Young Worker (30 & under). They shall make efforts to engage equity seeking members with the union, advise the Executive Board and membership of current trends or topics concerning equity. Develop and implement initiatives/activities aimed at advancing equity in the workplace. Provide a range of diversity information and resources when possible. Provide guidance, when possible, through an equity lens to Executive and Membership.

Member Engagement - is about making sure all members feel included. They will be responsible for coordinating educational opportunities for members and chair the education committee making recommendations to the committee regarding opportunities and requests. They shall coordinate the annual Labour Day Activities and organize a minimum of three annual events to engage and mobilize members. They will open up channels of communication to engage members to strengthen our union to ensure members feel connected. (site visits and new members)

Our second goal is to finalize and update our bylaws. We will be hosting several special membership meetings to review and pass the changes to the bylaws so we can submit them to CUPE National for approval.

Our third goal is to continue working towards digitizing the office. We are working with a company on software we can use and developing tools so that the historic records are easy to find and access.

sick notes: We have been told that sick notes will not be paid for by the ROW unless they are on a RFMI. Please ensure that you ask for proper documentation if you are asked to submit a doctor's note or you will not be paid for it.
